Central Baptist Church Repaired.

The Central Baptist church which has for several months been undergoing repairs is now nearly completed. The unsightly pillars that formerly stood stiffly up on its front have been removed and a more modern facade now ornaments the street. The angular pulpit has been supplanted by an ornate affair elaborately finished in rosewood. New galleries have been put in and a new orchestra gallery has taken the place of the rudely constructed thing that formerly did service. By a skillful arrangement of the silps and the space acquired by the extension of the building, thirty more have been added, supplying much needed additional room. Besides all this a new baptistry has been placed under the pulpit, the pews have been newly cushioned and the entire church newly carpeted. Gently cleanse your liver and sluggish bowels while you sleep.

Sick headache, billousness, dizziness, coated tongue, foul laste and foul breath—always trace them to torpid liver, decayed fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Saits, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.
